Temporary Police Officer Job Description

The City Manager recalled that he implemented a hiring freeze to mitigate the budgetary deficit. He explained that the full-time Temporary Police Officer position would enable the department to hire an officer immediately to fill a vacancy. This would allow Council time to review and adjust the budget with the goal of moving the temporary officer to a permanent position by the end of the current fiscal year.

Chief Doan noted that he would encounter scheduling conflicts and additional overtime being short-staffed. He stated that competent applicants are difficult to find and he felt that Officer Stewart was well qualified and would be an asset to the department.

Mayor Kurtz opened the item to public comment.

- Lyle Gennett, Greg Stevens, Dr. Lori DeGrazia, and Jill Picha were not in favor of the temporary position and felt the officer should be permanent.
- Bob Timms felt the Recreation Director should be part-time.

The item was closed to the public.

Motion by Kalbfell, second by Bryan, to approve the Temporary Police Officer Job Description.
Yeas: Bryan, Oleksy
Nays: Cole, Kalbfell, Hagen, Perron
Motion failed. *Clerk's Note: Therefore, Officer Stewart will be a permanent full-time City employee.*

6. Public Hearings & Actions Requiring Public Hearings

A. Public Hearing for Re-enacted Floodplain Management Ordinance 804

City Manager Heydlauff recalled that Section 5.4 Ordinances - Emergency of the City Charter was invoked on May 6, 2019 to adopt Ordinance 803 immediately in order to be compliant with the federal government's requirements. However, every emergency ordinance is automatically repealed on the sixty-first (61st) day after its enactment, unless re-enacted pursuant to Section 5.3 of the Charter. The public hearing was properly noticed and held on May 20, 2019, but not all Council members were present to vote.

CHARLEVOIX CITY COUNCIL

Consent Agenda

TITLE: Purchase Two Pickup Trucks - $59,461

DATE: June 17, 2019

BACKGROUND:

In the approved 2019/20 budget we allocated money in the motor pool fund for two pick up truck purchases. One of the trucks will be used by the City mechanic and one will be used by the Water Treatment Plant staff. Both trucks will be four wheel drive and are new vehicles.

Once again we have utilized the MIDEAL program to receive lower prices and competitive bids. Overall with the purchase price through MIDEAL we are approximately $5,000 under what we budgeted.

RECOMMENDATION:

Motion to approve the purchase of two new trucks from Berger Chevrolet for a total dollar amount of $59,461.

CHARLEVOIX CITY COUNCIL

Consent Agenda

TITLE: PA 95 Opt Out

DATE: June 17, 2019

BACKGROUND:

Michigan's Public Act 95 was signed into law in 2013 to create the Low-Income Energy Assistance Fund (LIEAF) within the State Treasury. This fund provides money to low income households for heating assistance. The Act requires the City to either participate in the fund or to officially opt out of participation.

To participate the City would be required to collect a surcharge of a dollar or less from each retail billing meter (but no more than one residential meter per residential site) every month and send all of the money to the State for this fund. The money is supposed to be used back in this geographic area as much as possible. The total amount collected in a year would be roughly $36,000.

The other choice is to opt out, which means the City would not collect any money and would not be a part of this fund. As a result, during the winter from November 1st to April 15th, our customers would not be eligible for emergency assistance with their utility bills from this fund, and at the same time the City would be prevented from shutting off any residential service for non-payment.

The City must make this choice whether to opt in or opt out every year at this time. For the last six years Charlevoix has opted out of this fund. One of the problems with opting in to the fund is the significant amount of work and expense it would take to code all of our customers' accounts for this surcharge, as only one surcharge can be assessed per residential site (so that people with separate garages or boat slips are not double-charged). This would have to be done manually by going through all of our accounts to code them so that they could be billed at separate rates. This would be an ongoing cost to administer.
Because of the above it is thought that opting out is in the best interest of our customers. If we send the money to the state there is no guarantee that any of that money would be used to help our customers, and it is likely that most of it would be used to subsidize other utilities in other locations.

RECOMMENDATION:

Motion to opt out of the PA 95 legislation.

CHARLEVOIX CITY COUNCIL

Consent Agenda

TITLE: Venetian Festival Fireworks and Contract for $15,000

DATE: June 17, 2019

BACKGROUND:

The Venetian Committee is requesting permission for their annual fireworks display. The fireworks display is planned for the evenings of Friday, July 26 and Saturday, July 27. Chief Doan reviewed the application package and there are no changes from last year in the setup and size of the displays for either night. Chief Thorp has reviewed the arrangements and his crew will conduct normal preventative staging. The fireworks company used by the Venetian Festival has not changed in over a decade, and we have developed an excellent working relationship with Frank Loffredo and his staff.

NFPA 1123 of 2014 is the standard that the City must follow because we do not have a fireworks code of our own. This display meets all NFPA requirements, and exceeds the NFPA standard for minimum setbacks for both shows.
Chief Thorp and Chief Doan recommend the permit be authorized as long as representatives from the Venetian Festival understand that we will take an aggressive stance to stop the display if drifting debris or other unforeseen issues compromise safety in any way.

RECOMMENDATION:

Motion to authorize the City Clerk to issue the fireworks permit for the 2019 Venetian Festival fireworks displays and authorize the Mayor to sign the Hold Harmless Agreement with Colonial Fireworks Special Effects, LLC.

Motion to authorize the Mayor to sign the contract between the City of Charlevoix and the Charlevoix Venetian Festival including the payment of $15,000 to the Venetian Festival from the City of Charlevoix.

RE: Proposed Fireworks Displays
88th Annual Charlevoix Venetian Festival

Dear Chief Thorp:

I have enclosed an Application for Fireworks Display Permit, together with the following materials:

- Application For Approval of Marine Event (with correspondence to USCG)
- U.S.C.G. depiction of Lake Charlevoix display site with waypoints
- U.S.C.G. depiction of Round Lake display site with waypoints
- Itinerary/ Colonial Fireworks Special Effects, LLC
- Venetian Festival Boat Parade Route
- Proposed Hold Harmless Agreement
- Summary of Experience / Lead Pyrotechnician

The master pyrotechnician overseeing the displays is once again Frank Loffredo, Jr., the same individual who has overseen the Venetian fireworks displays since 1999. Mr. Loffredo is the master pyrotechnician of Colonial Fireworks Special Effects, LLC/Great Lakes. I have enclosed a Summary of Experience, to confirm references you already possess relative to Mr. Loffredo. Please note that Mr. Loffredo possesses 39 years of experience as a pyrotechnician.

In addition to the foregoing, I would like to confirm the following matters relating to this year's proposal:

1. As you can see from the enclosed materials, the maximum shell size for the Friday night display (July 27, 2018) is 12". A clear zone radius of 1,200 feet will be maintained, which exceeds the NFPA clear zone standard of 840 feet. The maximum shell size for the "harbor" fireworks on Saturday night (July 28, 2018) is 3". A clear zone radius of 250 feet will be maintained, which exceeds the NFPA clear zone standard of 210 feet.

2. St. James Marine Co. of Beaver Island, Michigan, will be providing the barge and tug services, as they have since 2003.

3. There will be no manual ignition in either fireworks display. Such ignition shall be effected via computer and/or electronically.

4. The buoys marking the clear zone perimeters will once again be set by Irish Boat Shop, based upon data provided by the United States Coast Guard.

5. We will promptly provide to you an originally executed copy of the Hold Harmless Agreement, as well as the customary Certificate of Liability Insurance.

Please feel free to contact me if you should have any questions or comments.

Sincerely,

Dan Barron
President

RE: Use of Boat Launch Facility for Red Fox Regatta

Dear Mayor and Council;

This letter is a request to the City Council to again allow free use of the boat launch ramp at the end of Stover Road on August 30 and 31, and September 1 of 2019. These are the dates of the Nucore Triangle Race, Friday evening and the annual Red Fox Regatta sailboat race between Charlevoix and Boyne City, Saturday and Sunday, sponsored by the Charlevoix Yacht Club.

We have sailboats participating in these races from out of town that will need to use the launch ramp. Last year there were about thirty launch passes used by out of town sailboats. Local boats are either in the water or already have seasonal launch passes. Participants will be identified by showing a colored card indicating that they are a Red Fox participant.

There will be approximately 70 to 80 boats with anywhere from 1 to 18 people on board. Over half of the race participants come from out of town and will be patronizing Charlevoix restaurants, businesses and motels during their stay. There will be a definite economic benefit to the City of Charlevoix. Charlevoix also receives good community exposure as the host of this annual event.

Your consideration and approval of this matter will be appreciated.

Sincerely,

Judy A. Gordon

TITLE: Short Term Rental Registration Moratorium

DATE: June 17, 2019

PRESENTED BY: Mark L. Heydlauff, City Manager; Scott Howard, City Attorney

BACKGROUND:

At your last meeting, Council imposed a moratorium on the acceptance of registrations for short term rentals beginning on July 1. Since this time, we've received 27 new registrations taking our total number of registered Short Term Rentals over 100. Jonathan Scheel, our Zoning Administrator, has prepared the included memo for you regarding questions you raised during your last meeting and his observations on this subject.

My sense is that Council is looking for some kind of balanced, market-driven approach to the number of short-term rentals in our community. Some communities approach this by placing an overall cap on the number of them- this creates a market for the right to have a STR license and you can add a select number of new licenses each year. Alternatively, the current model could be modified to ensure more compliance. Ultimately, what you do next depends on your ultimate goals. If you want more information, we could schedule a work session and you can provide questions you'd like us to review.

City Attorney Scott Howard will also be present for the meeting and can discuss with you some of the legal parts of this regulatory environment.

RECOMMENDATION:

Council discussion and direction.

CITY OF CHARLEVOIX

MEMO

TO: The Honorable Mayor Kurtz and the Charlevoix City Council

FROM: Jonathan Scheel, Zoning Administrator

DATE: June 12, 2019

RE: Short Term Rentals

You have asked for information on the topic of Short Term Rentals (STR) for your current discussion on a moratorium on STR registrations. As you know, as your Zoning Administrator, I am responsible for administering STRs. This includes accepting and approving STRs based on the City's current zoning ordinance. I am also responsible for responding to complaints involving STRs along with the City's police force. As I have been receiving registrations, it has become apparent that there was a substantial amount of STR units that were not being registered. Because of this, current impacts and potential of even further impacts of STRs in Charlevoix, I have been looking at ways other communities administer STR programs both in Michigan and throughout the nation. This memo is meant to give you a baseline of facts of the STR program in Charlevoix as of June 2019.

1. There are currently 106 registered STRs on 96 lots of record in my data base.

2. 50 of these registrations show that they rent for 52 weeks out of the year, an additional 10 rents for 26 weeks or more of the year.

3. 20 of the registrations are in condominium type properties. (Foster Boat Works, Points North Inn, Edgewater)

2. Thirteen owners own 47 out of the total 106 units.

3. 49 of the units are registered with owners that have a Charlevoix address.

4. 27 of the units are registered with owners that have an out of state address.

On April 1 of this year, I spoke to MI/Host Compliance, a firm that specializes in providing STR services to municipalities. One of the services includes monitoring the top 54 STR websites for advertisements and then reports the addresses to the City. On April 1, 2019, there were 70 STRs registered with the City of Charlevoix. MI/Host Compliance analysis at that time showed 278 listings and 124 rental units operating in the City of Charlevoix. Those numbers represent off season. Currently there would likely be a much higher number.

My own research potentially shows even more unregistered STR units. I used the City's assessing records with input from our assessor, compared that data with the most recent census data and came up with 210 to 280 STR units.

CITY OF CHARLEVOIX

Assessing data shows we have 2028 housing units in the city.
1320 are single family residential
571 are condominiums
137 are apartments

767 are homesteaded 37%
1121 are non-homesteaded 63%
(totals are different due to homestead counts properties, not units)

Out of the 571 condominiums, 70 are homesteaded. 501 of the condos are second homes and/or STRs. (20 units are registered)

Nuisances

I have received three direct official complaints on STR properties last year. I received another 4 after the fact complaints during other conversations. I sent out one official notice threatening to shut down one STR last year. I also reviewed police files on any potential complaints on registered STR properties finding 90 police responses to STR addresses. Approximately half were at condominium complexes. Fourteen responses had full reports. The others have a one or two word description of the complaint. Very few seem to be noise or other simple nuisance related problem. It is impossible to tell from the list the exact nature of each response.

TITLE: Establishment of Building Authority

DATE: June 17, 2019

PRESENTED BY: Patrick F. McGow, Miller Canfield

BACKGROUND:

As we have long been discussing, we will need to issue bonds to pay for the construction of a new Public Service Facility. We have been setting money aside annually from our utility and motor pool funds to pay for the building. This has allowed us to accrue funds we are currently using to pay for design and also leaves us with some cash toward the project. Later this month, we expect to get final construction drawings and cost estimates for the project. Under current planning, the project would be bid this fall with some construction work occurring later this fall and winter. This is a critical time for Council to decide on the future of this project. We have been in discussion about options where we would house our Electric Department during the demolition and reconstruction of the facility on Carpenter Avenue with some storage remaining on the site. This question needs to be resolved in the next month or so.

In any scenario, the Council will likely need to create a Building Authority (as discussed below) and be prepared to issue bonds for this project. It is possible (and even advisable) to act now to create a Building Authority and take the pre-cursor steps even if you opt to modify the timeline and construction plan for the project. Mr. McGow and his firm have been involved in many of our large projects in the past and have provided counsel in all of our past financing projects. He will explain the process of going to the bond market and the steps you'll need to take.

1. With the process of building a New Facilities Building, City Council must establish and adopt Articles of Incorporation for the purpose of forming a nonprofit municipal building authority under the provisions of ACT 31, Public Acts of Michigan, 1948 (First Extra Session), as amended. These Articles of Incorporation of City of Charlevoix Building Authority are included with this agenda item.
2. In presenting the attached Resolution, the City deems it advisable and necessary and in the best interest of the City to create and establish an Authority under the provisions of ACT 31, Public Acts of Michigan, 1948 (First Extra Session), as amended, for the purpose of accomplishing the acquisition and construction of certain public buildings, parking lots or structures, recreational facilities, stadiums and the necessary site or sites therefor for the use of the City.

3. The City of Charlevoix Council has established and adopted Articles of Incorporation for the purpose of forming a nonprofit municipal building authority under the provisions of ACT 31, Public Acts of Michigan, 1948 (First Extra Session), as amended. The City of Charlevoix also approved the Resolution to establish a Building Authority.
4. The City of Charlevoix must now approve the Resolution approving the Building Authority Contract and Notice. Attached is the Limited Tax Full Faith and Credit General Obligation Contract of Lease and the Resolution Approving Building Authority Contract and Notice.

RECOMMENDATION:

Motion to approve the Articles of Incorporation for the City of Charlevoix Building Authority.

WHEREAS, the CITY desires to acquire, construct, furnish and equip a new Public Services Facility, including site improvements and all related appurtenances and attachments thereto (the "Project"), and the AUTHORITY is willing to acquire and construct the Project and lease the same to the CITY; and

WHEREAS, the Project will be acquired by the AUTHORITY pursuant to this Limited Tax Full Faith and Credit General Obligation Contract of Lease (the "Contract") prior to the issuance of bonds by the AUTHORITY; and

WHEREAS, the acquisition, construction, furnishing and equipping of the Project by the AUTHORITY is necessary for the public health, safety and welfare of the CITY, and the use of the AUTHORITY to accomplish such acquisition and construction represents the most practical means to that end at the lowest cost to the CITY; and

WHEREAS, the total cost of the Project, including costs of issuance, to be financed pursuant to the Lease is estimated to be a sum not to exceed Eleven Million Dollars ($11,000,000), which will include architects' fees, legal and financing costs, and contingencies; and

WHEREAS, the CITY and the AUTHORITY have determined that the cost of the Project should be paid by the authorization and issuance of bonds by the AUTHORITY in anticipation of the limited tax full faith and credit general obligation contractual commitments of the CITY under this Contract, pursuant to the provisions of the Act, in aggregate principal amount not to exceed Eleven Million Dollars ($11,000,000); and

WHEREAS, the CITY and the AUTHORITY desire to enter into this Contract to complete the acquisition, construction and leasing of the Project; and

WHEREAS, as a prerequisite to the authorization and issuance of the bonds, it is necessary for the parties hereto to enter into this Contract whereby the AUTHORITY will lease the Project (as defined herein) to the CITY and the CITY will lease the same from the AUTHORITY for a period extending beyond the last maturity date of the bonds, but not to exceed a period of thirty (30) years; and

WHEREAS, this Contract has been executed by the CITY pursuant to a resolution of the City Council of the CITY adopted on June 17, 2019 and notice thereof has been published in a newspaper of general circulation in the CITY, and this Contract will become effective sixty (60) days following such publication and no valid petition for referendum on the effectiveness of this Contract being filed with the City Clerk of the CITY within forty five (45) days of publication of the notice.

IT IS, THEREFORE, AGREED BY AND BETWEEN THE PARTIES HERETO, for and in consideration of the agreement and covenants of each other and moneys to be paid out to the other, as follows:

1. The CITY and the AUTHORITY hereby agree that the AUTHORITY will issue bonds in anticipation of the CITY's obligation hereunder in an aggregate principal amount not to exceed Eleven Million Dollars ($11,000,000) in one or more series of bonds (the "Bonds") for the purpose of paying the cost of the Project. The Bonds are anticipated to be issued as one series entitled "Building Authority Bonds, Series 2019."

2. (a) The CITY will, at or prior to delivery of the Bonds, cause to be conveyed and transferred to the AUTHORITY, by deed, such rights in the site which have not heretofore been conveyed so as to permit and allow free and unrestricted use of the site for the Project by the AUTHORITY to acquire and construct the Project; and

(b) the AUTHORITY will enter into a final contract or contracts providing for the design, acquisition, construction, furnishing, and equipping of the Project and shall proceed to cause the Project to be designed, acquired, constructed, furnished, and equipped in accordance with plans prepared by the architects, to be submitted by the AUTHORITY to the CITY and approved by the City Council of the CITY.

3. In consideration of the rentals and other terms and conditions herein specified, the AUTHORITY does hereby let and lease the Project to the CITY and the CITY does hereby let and lease the Project from the AUTHORITY, to have and to hold for a term commencing on the date possession of the same is to be delivered hereunder pursuant to Section 15 hereof and ending on a day thirty (30) years from the date hereof, or such lesser period as may be authorized by the provisions of this Contract.

4. The CITY hereby covenants and agrees to pay to the AUTHORITY cash rentals for the use of the Project (hereinafter referred to as "Cash Rental" or "Cash Rentals") in the amounts based upon the AUTHORITY's debt service requirements on the Bonds, as hereinafter set forth. The CITY shall pay Cash Rentals for each year that the Bonds remain outstanding.

Except as otherwise provided in the resolution authorizing the issuance of the Bonds, together with any resolution authorizing the sale, execution and delivery of the Bonds (together,

the “Bond Resolution"), the terms of which Bond Resolution are incorporated herein by this reference and will, to the extent in conflict with the provisions of this Contract so amend this Contract, the Bonds in the amount of not to exceed $11,000,000 will be issued with principal maturities or be subject to mandatory sinking fund redemption on October 1 of each year as follows:

The CITY irrevocably covenants and agrees to pay to the AUTHORITY, commencing the first principal payment date and annually thereafter so long as any of the Bonds are outstanding, Cash Rentals, equal to the principal of and interest on the Bonds, in the amounts and on the dates corresponding to the principal amount of the Bonds maturing or coming due by mandatory sinking fund redemption on the corresponding principal due dates; provided, however, that if the maturity schedule for the Bonds is amended by the Bond Resolution, the due

dates for Cash Rentals shall thereby be amended accordingly. Payment of Cash Rentals shall be made by the CITY to the paying agent for the Bonds directly, it being understood that such transfer by the CITY shall be done for and on behalf of the AUTHORITY.

The CITY acknowledges that the Bonds will be issued at a maximum interest rate of not-to-exceed 6% per annum to be determined at the time of sale thereof and that so long as the Bonds remain outstanding, such interest will accrue on the outstanding principal balance semiannually. Therefore, the CITY further irrevocably covenants and agrees to pay to the AUTHORITY, as part of the Cash Rentals, commencing on the first interest payment date and semiannually thereafter so long as the Bonds remain outstanding, such additional sums as shall be necessary to pay interest due on the Bonds prior to the next succeeding Cash Rental payment date.

It is understood and agreed by the parties hereto that the minimum Cash Rental obligation hereunder shall be the payment of such amounts as shall equal debt service requirements on the Bonds falling due prior to the next Cash Rental payment date. However, the CITY shall retain the unrestricted right and privilege to prepay at any time whatever amounts of Cash Rentals it may choose in order to retire fully or partially the Bonds and any interest then due thereon or in order to provide for such retirement at a specified future date. The total aggregate obligation of the CITY hereunder for Cash Rentals shall at any given point in time be equal to the sum of the Cash Rentals yet to be paid to retire principal of the Bonds, plus interest accrued thereon since the last Cash Rental payment at the rate borne by the Bonds. The CITY hereby warrants and represents that the amount of its obligations under this Contract, when taken together with other indebtedness of the respective CITY, will not cause its obligations under this Contract to exceed any constitutional, statutory or charter debt limitation applicable to the CITY.

The AUTHORITY shall, within thirty (30) days after the delivery of the Bonds, furnish the CITY with a complete schedule of maturities of principal and interest thereon, and the AUTHORITY shall also, at least thirty (30) days prior to each Cash Rental due date, advise the CITY, in writing, of the exact amount of Cash Rental due on the next said date, and the CITY shall pay such amount on the due date.

5. Except to the extent that the CITY and the AUTHORITY have agreed otherwise by separate written documents, the CITY, at its own expense during the term of this Contract, shall operate, maintain and keep in repair the Project. Operation and maintenance shall include any and all costs and expenses of operation and maintenance and such costs and expenses of repairs and maintenance as are necessary to keep the Project in good repair and working order, and shall include, but not to the exclusion of any other items not herein specified, heating, lighting, snow and debris removal, painting and such other repair and maintenance items as are necessary to provide for efficient operation of the Project, and to keep the same in good repair and working order, as well as proper insurance coverages. Further the CITY shall pay, as part of the operation and maintenance expense, upon written notification by the AUTHORITY, and within thirty (30) days after receipt thereof, such amounts as shall be required to meet all reasonable administrative costs and operating expenses of the AUTHORITY, including transfer agent fees, Bond registration fees and any other costs or expenses of the AUTHORITY incidental to the issuance and payment of the Bonds or attributable to the Project.

6. It is understood and agreed by and between the parties hereto that the Bonds will be issued by the AUTHORITY in anticipation of the contractual Cash Rental obligation of the CITY, as stated in Section 4 hereof. The CITY, pursuant to authorization of Section 8a of the Act, hereby recognize and affirm that the contractual obligations expressed in Sections 4 and 5 hereof is a limited tax full faith and credit general obligation of the CITY.

The CITY expressly and irrevocably pledges its limited tax full faith and credit for the prompt and timely payment of the Cash Rentals pledged for payments of the Bonds as expressed in Section 4 of this Contract, and shall each year, commencing with the fiscal year commencing July 1, 2019, appropriate from its general funds as a first budget obligation sufficient moneys to pay such Cash Rentals. Such pledge shall include, if necessary, the obligation to levy annually, except as provided below, such ad valorem taxes on all the taxable property in the CITY which, taking into consideration estimated delinquencies in tax collections, shall be fully sufficient to pay such Cash Rentals under and pursuant to this Contract. Such levy, however, shall be subject to applicable constitutional, statutory, and charter tax rate limitations and shall not be in an amount or at a rate exceeding that necessary to pay such Cash Rentals, such levy being for the purpose of providing funds to meet the contractual obligations of the CITY in anticipation of which the Bonds are issued. Nothing herein contained shall be construed to prevent the CITY from using any, or any combination, of the means and methods provided in Section 8a of the Act for the purpose of providing funds to meet its obligations under this Contract, and if at the time of making any annual tax levy there shall be other funds on hand earmarked and set aside for the payment of the contractual obligations due prior to the next tax collection period, then such tax levy may be reduced by such amount. The CITY and the AUTHORITY hereby acknowledge that all or any portion of such Cash Rentals may be paid by the CITY from any funds on hand and lawfully available for such use.

7. The CITY will include in its budget for the fiscal year commencing July 1, 2019 and shall include in its budget for each fiscal year thereafter, an amount sufficient to pay the total obligations under this Contract coming due in each such fiscal year. Annually before finalization of is budget for the next ensuing fiscal year the CITY shall prepare and transmit to the AUTHORITY a statement of the moneys to be included in said budget for payment of all costs of the Project. The AUTHORITY shall have the right to communicate directly with the City Council of the CITY regarding any items in said budget relative to the Project which might be disputed, and, in any event, the budget shall be reasonably adequate to cover all obligations of the CITY contained in this Contract.

8. The CITY may at any time pay in advance any of the obligations required to be paid by this Contract, in which event the AUTHORITY shall credit the CITY with advance payment on future-due payments to the extent of such advance payment. The CITY may also specify by written request that any Cash Rentals paid in advance of the requirements set out in Section 4 hereof be used to purchase Bonds for redemption prior to maturity, either currently or at some future date, to the extent the provision for prior redemption is made in the Bonds, in which event the AUTHORITY shall be obligated to apply and use said advance payments for such purpose to the fullest extent possible. The CITY and the AUTHORITY both agree that any such prepayments will be invested, pending their use, in instruments or obligations rated no lower than the applicable rating from either Moody's or Standard & Poor's.

9. The CITY may install in the Project such equipment or fixtures as it may desire and deem necessary, but shall not make any permanent alterations to the Project without consent of the AUTHORITY.

10. The CITY covenants and agree that it will not permit the use of the Project in any manner that will result in a violation of local, state or federal laws, rules or regulations now or hereafter in force and applicable thereto and shall keep the AUTHORITY and the members of its Board of Commissioners harmless and indemnified at all times against any loss, damage or expenses by any accident, loss, casualty or damage resulting to any person or property through any use, misuse, or nonuse of the Project, or by reason of an act or thing done or not done on, in or about the Project or in relation thereto. The CITY further covenants and agrees that it will promptly, and at its own expense, make and pay for any and all changes and alterations in or about the Project which during the term of this Contract may be required to be made at any time by reason of local, state or federal laws and to save the AUTHORITY harmless and free from all costs or damage in respect thereto.

11. With respect to the Bonds to carry out the acquisition and construction of the Project and the financing thereof in accordance with the provisions of said Act, the following actions shall be taken by the AUTHORITY:

(a) The AUTHORITY will enact the necessary bond resolution to authorize the issuance of the Bonds in anticipation of the Cash Rentals to be paid by the CITY hereunder. The AUTHORITY will offer for sale and take such other necessary legal procedures as may be necessary to sell the Bonds as soon as all other steps required to be taken prior to sale of the Bonds have been accomplished.

(b) The AUTHORITY will promptly enter into and execute contracts for the acquisition and construction of the Project in accordance with the plans and specifications therefor approved by the CITY. No changes in the plans and specifications for the Project shall be made by the AUTHORITY without the consent of the CITY. The AUTHORITY shall not execute any contract in connection with the acquisition and construction of the Project until the same has been approved by the City Council of the CITY.

(c) The AUTHORITY will require and secure from any contractor undertaking any work to be performed on the Project evidence of insurance and the necessary and proper bonds to guarantee the performance of said contract in such amount and in such form as may be approved by the City Attorney of the CITY.

(d) The AUTHORITY will immediately upon receipt of the proceeds of sale of the Bonds comply with all requirements provided for in the resolution relative to the disposition and use of such proceeds.

(e) The AUTHORITY may invest any bond proceeds or other funds held by it as permitted by law and investment income shall accrue to and follow the fund producing such income. However, the AUTHORITY shall not invest, reinvest, or accumulate any moneys deemed to be proceeds of the Bonds pursuant to the Internal Revenue Code of

1986, as amended (the "Code"), and the applicable regulations thereunder, in such a manner as to cause the Bonds to be "arbitrage bonds" within the meaning of the Code and applicable regulations thereunder. The AUTHORITY and the CITY will take or abstain from taking all actions required by the Code and regulations thereunder as may be necessary to retain for the interest on the Bonds the exemption from direct federal income taxation.

12. In the event that it should be determined that for any reason there are not sufficient funds to complete the Project, or if repair, replacement or alteration of the Project should be required to make the Project useable for its originally intended purpose, and additional funds become necessary therefor, it is agreed by the parties hereto that either of the following methods of providing such additional funds shall be used:

(a) The CITY may pay its share of the additional cost from available funds on hand;

(b) The AUTHORITY, at the request of the CITY following an appropriate amendment to this Contract, may issue additional bonds and, in such event, the Cash Rental shall be proportionately increased in an amount sufficient to fully amortize the Bonds and the additional bonds issued by the AUTHORITY; or

(c) the AUTHORITY and the CITY may enter into any other mutually agreeable arrangement to meet increased costs or bring such costs within the amount of funds available for construction of the Project.

In the event any additional bonds are issued, the duties and obligations of the AUTHORITY and the CITY as expressed and set forth in this Contract shall be applicable to such additional bonds as well as the Bonds herein referred to, it being at all times fully recognized and agreed that the Cash Rentals to be paid by the CITY, as specified in Section 4 of this Contract, shall be based upon the total amount of bonds issued to pay the costs of the Project. Any such additional bonds shall mature serially and the Cash Rentals coming due shall be increased by the principal amount of such additional bonds issued. All of the provisions of this Contract shall be applicable to said increased amounts. Immediately upon the issuance of such additional bonds, the AUTHORITY shall furnish and supply the CITY documentation specifying the new schedule of Bond payments and Cash Rentals, increased as herein authorized, which shall be substituted and take the place of the schedules herein specified. In the event additional bonds are issued, all references herein to the Bonds shall be deemed to include such additional bonds.

13. In the event, by reason of favorable construction bids received, or for any other reason, it is not necessary to issue the Bonds in the full amount presently anticipated, the AUTHORITY shall be authorized, after consultation with the CITY, to reduce the amount of Bonds to such lesser principal amount as may be necessary to pay the cost of the Project and also to reduce the Cash Rental of the CITY so that the payments shall be sufficient to pay all principal of and interest on the Bonds. All the provisions of this Contract shall be applicable to said reduced amounts and/or said amended due dates the same as though such Bonds and Cash Rentals were originally in said reduced amounts and/or with said amended due dates. In such

event, the AUTHORITY shall furnish and supply to the CITY documentation specifying the new schedule of Bond Payments and Cash Rentals, reduced and/or rescheduled as herein authorized, including copies of the bond resolution authorizing the issuance of the Bonds, together with any resolution or order authorizing the sale, execution and delivery of the Bonds and any amendments thereto.

14. After completion of the Project and payment of all costs thereof, any unexpended balance remaining from the proceeds of sale of Bonds and the amounts to be paid by the CITY to the AUTHORITY pursuant to Section 4 of this Contract, shall be used by the AUTHORITY, upon request made by resolutions of the City Council of the CITY and with the approval of the Michigan Department of Treasury (or any successor agency thereto, if any), to the extent required by law, for improvements or enlargement of the Project or for any other project of the AUTHORITY leased to the CITY. Any balance remaining after such use shall be applied to debt service requirements and shall reduce the next due Cash Rentals to the extent of such application.

15. The AUTHORITY shall deliver possession of the Project to the CITY simultaneously with conveyance thereof by the CITY to the AUTHORITY, as provided herein. The Project shall be completed as promptly as possible but in the event that for any reason whatsoever the Project is not completed in a timely fashion, the obligation of the CITY for the payment of the Cash Rentals and other costs of the Project and the performance of its other commitments under this Contract shall in any event remain in full force and effect in order to provide for the payment of principal of and interest on the Bonds and other costs in connection therewith.

16. The CITY shall provide for:

(a) liability insurance to the extent necessary to protect the AUTHORITY and the CITY against loss on account of damage or injury to persons or property imposed by reason of the ownership of the Project or resulting from any act of omission or commission on the part of the AUTHORITY or the CITY, their agents, officers and employees, in connection with the operation, maintenance or repair of Project or the furnishing of any service to the CITY;

(b) casualty insurance against such risks and in such amounts as are usually carried on project of similar size and nature; and

(c) funds to pay the premium on a sufficient fidelity bond from any person handling the funds of the AUTHORITY.

17. Any funds received by the AUTHORITY or the CITY from any insurance policies, or otherwise, because of casualty or damage to the Project shall be used promptly to restore the Project to a condition satisfactory to the CITY. If such funds are not sufficient to so restore the Project, the CITY may provide sufficient additional funds therefor in such amounts as the CITY and the AUTHORITY may agree upon, or the CITY and the AUTHORITY may agree to issue additional bonds for such restoration, in which event the provisions of Section 12 hereof with respect to additional bonds and increased Cash Rentals shall apply. If in the judgment of

the AUTHORITY, concurred in by the CITY, the funds received from any insurance policies, or otherwise, by the AUTHORITY or the CITY shall be insufficient to restore the Project to a condition satisfactory to the CITY and if additional CITY funds are not made available or additional bonds are not authorized to make proper restoration, then, in that case, the AUTHORITY shall hold and/or invest the funds paid to it by reason of such loss for the benefit of the holders of the Bonds, and when upon receipt of sufficient Cash Rentals from the CITY which, together with the proceeds of the insurance and other available funds, will be sufficient to pay the principal of and interest on the Bonds, said moneys shall be deposited by the AUTHORITY, in trust, for the benefit of the bondholders and used to pay the principal of and interest on said Bonds as they mature.

18. Except as provided in Section 5 hereof, the leasehold rights, duties and obligations of the CITY as specified in this Contract shall not be assigned nor sublet, in whole or in part, during the term of this Contract or while any of the Bonds are outstanding and unpaid, except to the extent that such assignment or sublease benefits and serves a legitimate public purpose of the CITY, in which event the CITY shall be authorized to assign this Contract or sublet the Project, or any part thereof, but only to the extent and in the manner that the CITY could assign or sublet if it were the owner of the Project. In no event shall any assignment or subletting relieve the CITY of its primary obligation to pay the Cash Rentals and operation and maintenance costs of the Project hereunder or perform any of its other obligations hereunder.

19. The AUTHORITY, its agents, servants or employees shall have the right at all times of entering upon the Project for the purpose of acquiring, constructing and inspecting the same pursuant to its commitments hereunder and determine whether all of the terms, agreements, covenants and conditions herein contained are being complied with.

20. The CITY covenants and agree that it will continue to pay to the AUTHORITY, in accordance with the terms of this Contract, the Cash Rentals and the operation and maintenance costs of the Project at the times and in the manner herein established without reduction or abatement for any cause or reason whatsoever, including, but not limited to, casualty which results in the Project being untenantable or the failure to have the Project restored under Section 17 hereof, and without right of setoff or recoupment, until the principal of and interest on all Bonds are paid in full or adequate funds are available and held in trust for the benefit of the holders of the Bonds for that purpose.

21. The CITY covenants and agrees that if before the Bonds have been retired default shall at any time be made by the CITY in payments of Cash Rentals or operation and maintenance costs as herein required or in the performance of any of its obligations hereunder, the AUTHORITY shall have the right to use all the remedies provided by law to correct said default, including those specifically set forth in the Act and the ordinance or resolution to be enacted by the AUTHORITY providing for the issuance of the Bonds. In the event of any such default, the holder or holders of the Bonds may, to the extent permitted by law, exercise and enforce the rights of the AUTHORITY hereunder.

22. The AUTHORITY and the CITY each recognize that the Bonds are to be issued in anticipation of the Cash Rentals to be paid by the CITY hereunder and that the holders from time to time of the Bonds will have contractual rights in this Contract, and it is, therefore,

covenanted and agreed by each of them that so long as any of the Bonds shall remain outstanding and unpaid the provisions of this Contract shall not be subject to any alteration or revision which would in any manner unfavorably affect either the security of the Bonds or the prompt payment of principal or interest thereon. The AUTHORITY and the CITY further covenant and agree that they will each comply with their respective duties and obligations under the terms of this Contract promptly at the times and in the manner herein set forth and will not suffer to be done any act which would in any way impair the Bonds, the security therefor, or the prompt payment of principal and interest thereon. The CITY may, in writing, waive strict compliance by the AUTHORITY with the dates set out herein for the entering into of final construction contracts and for completion of the Project, and such dates may be altered upon mutual agreement by the parties hereto.

23. Any notice necessary or proper to be given to any of the parties hereto may be served in the following manner:

(a) If to the AUTHORITY, by delivering the same to any member of the Board of Commissioners thereof;

(b) If to the CITY, by delivering the same to the City Manager or the City Clerk.

24. This Contract shall terminate on the payment in full of all principal and interest on all the bonds issued hereunder including, but not limited to the Bonds. When the Bonds have been retired and the Contract terminated, the AUTHORITY shall convey title to the Project to the CITY, or at the direction of the CITY, without consideration, by quit claim deed and appropriate bill of sale in such form and manner as may be approved by the City Attorney of the CITY. Upon termination of this Contract in the manner set forth above, the AUTHORITY shall promptly pay over to the CITY any and all funds held by it pertaining to the aforesaid Bonds or in any other manner relating to the Project.

25. The AUTHORITY covenants that the CITY upon compliance with the terms of this Contract shall and may peacefully and quietly have and hold and enjoy the Project for the term herein provided.

26. If changes occur in the constitution or laws of the State of Michigan which shall affect the organization, territory, powers or corporate status of the CITY or the AUTHORITY, the terms and provisions of this Contract shall not be affected thereby and the rights, duties and obligations of the AUTHORITY and the CITY under this Contract shall not be altered or affected thereby.

27. If a court determines that a provision of this Contract is invalid, all other provisions shall remain valid and enforceable. A provision found to be unenforceable against a certain person or entity or in a certain circumstance shall remain valid and enforceable against all other persons or entities and in all other circumstances.

28. Nothing herein contained shall in any way be construed to prevent additional financing under the provisions of the Act, or any other law, for any of the purposes set out in the Articles of Incorporation of the AUTHORITY.

29. This Contract may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

30. This Contract shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

WHEREAS, the City determines it to be in the best interest of the City to acquire, construct, furnish and equip the Project through the Authority in accordance with the provisions of Act 31; and

WHEREAS, the City intends at this time to state its intention to be reimbursed from proceeds of the Bonds for any expenditures undertaken by the City for the Project prior to issuance of the Bonds.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. Approval of Bonds. The City determines it to be necessary for the public health, safety and welfare of the City to acquire and construct the Project substantially as set forth in the Contract for the use of the City through the issuance of bonds by the Authority in an amount not to exceed Eleven Million Dollars ($11,000,000) (the "Bonds").

4. Execution of Contract. The Mayor and the City Clerk are hereby authorized to execute and deliver to the Authority the Contract approved by this Resolution. The Contract shall become effective upon the expiration of forty-five days (45) days following the date of publication of the Notice, unless, under the provisions of Section 8b of said Act 31, as amended, the effectiveness of the Contract is stayed by reason of the filing of a petition for referendum thereon and the resultant necessity of prior approval thereof by the qualified electors of the City. A copy of the Contract shall be placed on file in the office of the City Clerk and shall be available for public examination.
5. Notice of Intent. The Notice of Intention of Entering into a Limited Tax Full Faith and Credit General Obligation Contract of Lease and of Right to Petition for Referendum Thereon as hereto attached shall be published in the ***Charlevoix Courier***, a newspaper of general circulation in the City, promptly upon adoption of this resolution, the Notice to appear as a display advertisement at least one-quarter (¼) page in size.
6. Designation of Newspaper. The City Council does hereby determine that the designated newspaper is the newspaper circulating in the City which reaches the largest number of persons to whom the Notice is directed and that publication of the Notice in the designated newspaper represents the most practical and feasible means of informing the taxpayers and electors of the City of the Project and the financing thereof.

7. Ratification of Limited Tax Pledge. The City Council hereby ratifies and confirms its covenant in the Contract to levy ad valorem taxes against all taxable property in the City to the extent necessary to meet the obligations of the City thereunder in the event revenues from other sources are insufficient for any reason whatsoever. Any such taxes levied to pay the cash rental under the Contract shall be subject to applicable constitutional, statutory and charter tax rate limitations.

8. Official Statement. To the extent necessary, the City hereby authorizes the Authority to prepare and circulate a preliminary and final official statement in connection with the Bonds and, if applicable, further authorizes any of the Mayor, City Manager and the City Clerk to execute such official statements on behalf of the City.

11. Actions of City Officers. The Mayor, City Manager and the City Clerk are each hereby authorized to take such actions and execute such certificates on behalf of the City as shall be necessary for the issuance of the Bonds, including, but not limited to, assisting the Authority with application for any approvals, waivers or other orders necessary from the Michigan Department of Treasury necessary in order for the Authority to issue, sell and deliver the Bonds.

12. Reimbursement of Prior Expenses. The City makes the following declarations for the purpose of complying with the reimbursement rules of Treas. Reg. § 1.150-2 pursuant to the Internal Revenue Code of 1986, as amended:

(b) The maximum principal amount of debt expected to be issued for the Project, including issuance costs, is $11,000,000.

(c) A reimbursement allocation of the capital expenditures described above with the proceeds of the Bonds will occur not later than 18 months after the later of (i) the date on which the expenditure is paid, or (ii) the date the Project is placed in service or abandoned, but in no event more than three (3) years after the original expenditure is paid. A reimbursement allocation is an allocation in writing that evidences the City's use of the proceeds of the Bonds to reimburse the City for a capital expenditure made pursuant to this resolution.

12. Rescission. All resolutions and parts of resolutions insofar as the same conflict with the provisions of this resolution be and the same hereby are rescinded.

Robert W. Baird & Co. Incorporated ('Baird') is not recommending that you take or not take any action. Baird is not acting as financial advisor or municipal advisor to you and does not owe a fiduciary duty pursuant to Section 15B of the Securities Exchange Act of 1934 to you with respect to the information contained herein and/or accompanying materials (collectively, the 'Materials'). Baird is acting for its own interests. You should discuss the Materials with any and all internal or external advisors and experts that you deem appropriate before acting on the Materials.

Baird seeks to serve as underwriter in connection with a possible issuance of municipal securities you may be considering and not as financial advisor or municipal advisor. Baird is providing the Materials for discussion purposes only, in anticipation of being engaged to serve as underwriter (or placement agent).

The role of an underwriter includes the following: Municipal Securities Rulemaking Board Rule G-17 requires an underwriter to deal fairly at all times with both municipal issuers and investors. An underwriter's primary role is to purchase the proposed securities to be issued with a view to distribution in an arm's length commercial transaction with the issuer. An underwriter has financial and other interests that differ from those of the issuer. An underwriter may provide advice to the issuer concerning the structure, timing, terms, and other similar matters for an issuance of municipal securities. Any such advice, however, would be provided in the context of serving as an underwriter and not as municipal advisor, financial advisor or fiduciary. Unlike a municipal advisor, an underwriter does not have a fiduciary duty to the issuer under the federal securities laws and is therefore not required by federal law to act in the best interests of the issuer without regard to its own financial or other interests. An underwriter has a duty to purchase securities from the issuer at a fair and reasonable price but must balance that duty with its duty to sell those securities to investors at prices that are fair and reasonable. An underwriter will review the official statement (if any) applicable to the proposed issuance in accordance with, and as part of, its responsibilities to investors under the federal securities laws, as applied to the facts and circumstances of the proposed issuance.

The Materials do not include any proposals, recommendations or suggestions that you take or refrain from taking any action with regard to an issuance of municipal securities and are not intended to be and should not be construed as "advice" within the meaning of Section 15B of the Securities Exchange Act of 1934 or Rule 15Ba1-1 thereunder. The Materials are intended to provide information of a factual, objective or educational nature, as well as general information about Baird (including its Public Finance unit) and its experience, qualifications and capabilities.

On April 1, 2019, Baird Financial Corporation, the parent company of Robert W. Baird & Co. Incorporated ('Baird'), acquired HL Financial Services, LLC, its subsidiaries, affiliates and assigns (collectively 'Hilliard Lyons'). As a result of such common control, Baird and Hilliard Lyons are now affiliated. It is expected that Hilliard Lyons will merge with and into Baird later in 2019.

Any information or estimates contained in the Materials are based on publicly available data, including information about recent transactions believed to be comparable, and Baird's experience, and are subject to change without notice. Baird has not independently verified the accuracy of such data. Interested parties are advised to contact Baird for more information.

If you have any questions or concerns about the above disclosures, please contact Baird Public Finance.

IRS Circular 230 Disclosure: To ensure compliance with requirements imposed by the IRS, we inform you that the Materials do not constitute tax advice and shall not be used for the purpose of (i) avoiding tax penalties or (ii) promoting, marketing or recommending to another party any transaction or matter addressed herein.

Scenario 2 :: 25 Years | Level Debt | $537,000 Annual Debt Service Contribution
Assumes Bond Rating of 'AA' | Assumes Non-Bank Qualified Scale
Preliminary, Estimated Interest Rates as of May 29, 2019 (Market Rates Plus 25 Basis Points)

Robert W. Baird & Co. Incorporated ('Baird') is not recommending that you take or not take any action. Baird is not acting as financial advisor or municipal advisor to you and does not owe a fiduciary duty pursuant to Section 15B of the Securities Exchange Act of 1934 to you with respect to the information contained herein and/or accompanying materials (collectively, the 'Materials'). Baird is acting for its own interests. You should discuss the Materials with any and all internal or external advisors and experts that you deem appropriate before acting on the Materials.

Baird seeks to serve as underwriter in connection with a possible issuance of municipal securities you may be considering and not as financial advisor or municipal advisor. Baird is providing the Materials for discussion purposes only, in anticipation of being engaged to serve as underwriter (or placement agent).

The role of an underwriter includes the following: Municipal Securities Rulemaking Board Rule G-17 requires an underwriter to deal fairly at all times with both municipal issuers and investors. An underwriter's primary role is to purchase the proposed securities to be issued with a view to distribution in an arm's length commercial transaction with the issuer. An underwriter has financial and other interests that differ from those of the issuer. An underwriter may provide advice to the issuer concerning the structure, timing, terms, and other similar matters for an issuance of municipal securities. Any such advice, however, would be provided in the context of serving as an underwriter and not as municipal advisor, financial advisor or fiduciary. Unlike a municipal advisor, an underwriter does not have a fiduciary duty to the issuer under the federal securities laws and is therefore not required by federal law to act in the best interests of the issuer without regard to its own financial or other interests. An underwriter has a duty to purchase securities from the issuer at a fair and reasonable price but must balance that duty with its duty to sell those securities to investors at prices that are fair and reasonable. An underwriter will review the official statement (if any) applicable to the proposed issuance in accordance with, and as part of, its responsibilities to investors under the federal securities laws, as applied to the facts and circumstances of the proposed issuance.

The Materials do not include any proposals, recommendations or suggestions that you take or refrain from taking any action with regard to an issuance of municipal securities and are not intended to be and should not be construed as "advice" within the meaning of Section 15B of the Securities Exchange Act of 1934 or Rule 15Ba1-1 thereunder. The Materials are intended to provide information of a factual, objective or educational nature, as well as general information about Baird (including its Public Finance unit) and its experience, qualifications and capabilities.

On April 1, 2019, Baird Financial Corporation, the parent company of Robert W. Baird & Co. Incorporated ('Baird'), acquired HL Financial Services, LLC, its subsidiaries, affiliates and assigns (collectively 'Hilliard Lyons'). As a result of such common control, Baird and Hilliard Lyons are now affiliated. It is expected that Hilliard Lyons will merge with and into Baird later in 2019.

Any information or estimates contained in the Materials are based on publicly available data, including information about recent transactions believed to be comparable, and Baird's experience, and are subject to change without notice. Baird has not independently verified the accuracy of such data. Interested parties are advised to contact Baird for more information.

If you have any questions or concerns about the above disclosures, please contact Baird Public Finance.

IRS Circular 230 Disclosure: To ensure compliance with requirements imposed by the IRS, we inform you that the Materials do not constitute tax advice and shall not be used for the purpose of (i) avoiding tax penalties or (ii) promoting, marketing or recommending to another party any transaction or matter addressed herein.

Robert W. Baird & Co. Incorporated ('Baird') is not recommending that you take or not take any action. Baird is not acting as financial advisor or municipal advisor to you and does not owe a fiduciary duty pursuant to Section 15B of the Securities Exchange Act of 1934 to you with respect to the information contained herein and/or accompanying materials (collectively, the 'Materials'). Baird is acting for its own interests. You should discuss the Materials with any and all internal or external advisors and experts that you deem appropriate before acting on the Materials.

Baird seeks to serve as underwriter in connection with a possible issuance of municipal securities you may be considering and not as financial advisor or municipal advisor. Baird is providing the Materials for discussion purposes only, in anticipation of being engaged to serve as underwriter (or placement agent).

The role of an underwriter includes the following: Municipal Securities Rulemaking Board Rule G-17 requires an underwriter to deal fairly at all times with both municipal issuers and investors. An underwriter's primary role is to purchase the proposed securities to be issued with a view to distribution in an arm's length commercial transaction with the issuer. An underwriter has financial and other interests that differ from those of the issuer. An underwriter may provide advice to the issuer concerning the structure, timing, terms, and other similar matters for an issuance of municipal securities. Any such advice, however, would be provided in the context of serving as an underwriter and not as municipal advisor, financial advisor or fiduciary. Unlike a municipal advisor, an underwriter does not have a fiduciary duty to the issuer under the federal securities laws and is therefore not required by federal law to act in the best interests of the issuer without regard to its own financial or other interests. An underwriter has a duty to purchase securities from the issuer at a fair and reasonable price but must balance that duty with its duty to sell those securities to investors at prices that are fair and reasonable. An underwriter will review the official statement (if any) applicable to the proposed issuance in accordance with, and as part of, its responsibilities to investors under the federal securities laws, as applied to the facts and circumstances of the proposed issuance.

The Materials do not include any proposals, recommendations or suggestions that you take or refrain from taking any action with regard to an issuance of municipal securities and are not intended to be and should not be construed as "advice" within the meaning of Section 15B of the Securities Exchange Act of 1934 or Rule 15Ba1-1 thereunder. The Materials are intended to provide information of a factual, objective or educational nature, as well as general information about Baird (including its Public Finance unit) and its experience, qualifications and capabilities.

On April 1, 2019, Baird Financial Corporation, the parent company of Robert W. Baird & Co. Incorporated ('Baird'), acquired HL Financial Services, LLC, its subsidiaries, affiliates and assigns (collectively 'Hilliard Lyons'). As a result of such common control, Baird and Hilliard Lyons are now affiliated. It is expected that Hilliard Lyons will merge with and into Baird later in 2019.

Any information or estimates contained in the Materials are based on publicly available data, including information about recent transactions believed to be comparable, and Baird's experience, and are subject to change without notice. Baird has not independently verified the accuracy of such data. Interested parties are advised to contact Baird for more information.

If you have any questions or concerns about the above disclosures, please contact Baird Public Finance.

IRS Circular 230 Disclosure: To ensure compliance with requirements imposed by the IRS, we inform you that the Materials do not constitute tax advice and shall not be used for the purpose of (i) avoiding tax penalties or (ii) promoting, marketing or recommending to another party any transaction or matter addressed herein.

Re: City of Charlevoix Building Authority Incorporation and Financing of Public Works facility

Dear Mark:

As we discussed, I have enclosed various documents relating to the establishment of the City of Charlevoix Building Authority and financing of a new Public Services Facility, including site improvements and all related appurtenances and attachments (the "Project") for review and discussion at next week's City Council meeting. Enclosed are the following documents:

1. Proceedings for Establishment of Building Authority – This document lists the steps necessary to establish the Building Authority.

2. Articles of Incorporation of City of Charlevoix Building Authority – This document creates the Building Authority to acquire and finance buildings or other facilities for any public purpose of the City of Charlevoix. The Building Authority has a 3-member Commission to be appointed by the City Council.

3. Resolution Establishing Building Authority – This Resolution establishes the Building Authority and authorizes the Mayor and Clerk to sign the Articles and directs the Clerk to make the appropriate publications and filings to establish the Authority.

4. Notice of Incorporation of City of Charlevoix Building Authority with Summary of Articles of Incorporation – This is the form of Notice and Summary to be published in the Charlevoix Courier after approval of the Resolution and Articles.

5. Resolution Approving Building Authority Contract and Notice – This Resolution approves the Contract of Lease, confirms the limited tax pledge of the City for payment of the Bonds, and authorizes certain City officials to take the necessary actions in connection with the Bonds. The enclosed Resolution also authorizes the City Clerk to publish a notice of intent to issue Bonds in the Charlevoix Courier indicating the City's intent to issue the Bonds.

6. Limited Tax Full Faith and Credit General Obligation Contract of Lease - The Contract of Lease provides for the issuance of the Bonds in an amount not to exceed $11,000,000 by the Authority to pay the cost of the Project and provides that the Authority will issue the Bonds and enter into the necessary contracts for the construction of the Project. The Authority will lease the Project to the City with the lease payments being in the amount of the semiannual principal and interest payments on the Bonds, which will be determined after the Bond sale.

The first four documents relate to the establishment of the Building Authority and the last two documents relate to the Bond financing itself. The Bonds can be issued without a vote of the City electors unless a petition is filed with the City Clerk within 45 days of publication of the notice signed by at least 10% of the registered electors of the City. The form of Notice of Intent is included in the Resolution Approving Building Authority Contract and Notice.

I plan on attending the June 17th City Council meeting to discuss the establishment of the Building Authority and the financing in greater detail. If you or anyone copied on this letter have any questions, please give me a call.

Very truly yours,

Miller, Canfield, Paddock and Stone, P.L.C.

TITLE: City Manager Comments

DATE: June 17, 2019

PRESENTED BY: Mark L. Heydlauff, City Manager

BACKGROUND:

A. Automated External Defibrillators (AEDs)

AEDs make it possible for more people to respond to a medical emergency where defibrillation is required and because AEDs are portable, they can be used by nonmedical people. Paramedic Brenda Willson checked all City AEDs and ordered new parts for those that needed them. New AEDs were ordered for the Marina and all three beaches and one was installed in the City Hall lobby. The EMS Department will continue to hold Staff training sessions on the use of the AEDs.

B. Tragic House Fire

At approximately 12:30 am on Tuesday, June 11th, Charlevoix Fire, EMS, and Police were called to 108 Saint Marys Drive for a structure fire. The house was occupied by a mother, son, and a quadriplegic daughter. The mother and son were able to get out of the residence safely but, tragically the daughter did not survive. The State Fire Marshall was called to the scene for further investigation. We send our condolences to the family.

C. Airport Mishap

On Tuesday morning June 11th a pilot was practicing touch and go landings at the Airport. At one point, the plane started to get sideways and went completely off the runway. The plane came to rest in a wet grassy area where it became stuck. There were no injuries and no damage to the plane. Normal operations continued at the Airport and Staff removed the plane later in the morning.

D. Parking

After your last meeting, Chief Doan is looking further at parking enforcement methods. This has been a long topic of discussion and I think it is important to focus on the user experience. The two hour parking efforts without meters are complicated for enforcement, especially since chalking tires is no longer permitted. I would encourage you to move forward yet this summer so that we hit the ground running next spring.

E. EMS Community Integrated Paramedicine Grant

We recently received a state funded grant to cover the initial education for our EMS providers to become certified in CIP.

What is Community Paramedicine? Community Paramedicine, or as we are calling it in Michigan, Community Integrated Paramedicine (CIP), is the use of specially trained Emergency Medical Providers to help bridge the gaps in the local health care system and improve population health and safety. CIP programs focus on patients that are under served and have needs that have not been adequately addressed. Existing programs have established relationships with home health agencies, nursing homes, case management, community health workers, and many others. The goal is to visit patients that have interfaced with the local health care system but have ongoing needs that haven't been met. In order to prevent recurring visits to the hospital, urgent care or health care practitioners, the EMS providers visit

with the patients "in house" in order to assist them with basic health care needs which may not require a visit to a formal site. Examples would be assistance(education) with their medications, including adjustments to their medications, medical assessments including some interventions(breathing treatments), assistance with refilling their medications, etc. The goal is to reduce repeat visits to the "health care system" thus driving down redundant costs while providing more immediate care to our community.
